

THE PRESIDENT

Jerusalem, 9th October, 2009

Dear Mr. President,

Very few leaders if at all were able to change the mood of the entire world in such a short while with such profound impact.

You provided the entire humanity with fresh hope, with intellectual determination, and a feeling that there is a lord in heaven and believers on earth.

Under your leadership, peace became a real and original agenda.

And from Jerusalem, I am sure all the bells of engagement and understanding will ring again.

You gave us a license to dream and act in a noble direction.

My best personal wishes,
